

This technical drawing illustrates the layout of a wastewater treatment plant. The plan shows several large rectangular tanks, some labeled 'Eg' (likely aeration tanks) and others 'Ev' (possibly settling tanks). There are also smaller tanks labeled 'Má' and 'Mk'. The drawing includes a network of pipes and channels, with dimensions such as 100.0, 150.0, 300.0, 500.0, and 15.0. A scale bar is present in the bottom left corner, indicating a scale of 1:500. The drawing is annotated with various codes and numbers, including 'Gipe-31845', 'Ksp-31924', and 'Ksp-31845'. A legend in the bottom right corner identifies the symbols used for different types of tanks and structures.
